FIVE TIMES MARRIED FIVE TIMES UNHAPPY

Five times married, only to find that her fifth marriage unhappy, Mrs. Francis Woods is suing her husband, Alfred M. Woods, for divorce on the grounds of cruelty.

Woods in a cross complaint filed recently, charged that his wife deserted him when he refused to support her three grown sons. When the case came up before Judge Stanton yesterday, the legality of the marriage was questioned owing to the fact that the wife had no definite knowledge of the death of the fourth husband. A letter from a newspaper, whose name she has forgotten, was the only word the woman had that the man who had left her a few months previous, had passed away. Four years elapsed before she married Woods, whose attorney stated that according to the statutes seven years must pass before a marriage under such circumstances is legal.

Woods, who is a blacksmith whose salary averages \$2.50 a day, stated that after he had been married a short time the three grown sons of his wife came to live with them. He said he found it extremely burdensome to support them and told his wife since they failed to contribute to the home they would have to leave. She said she would go with them.

Mrs. Woods, the other side, cited incidents when her husband had been cruel. She is a frail little woman who appears to be suffering from tuberculosis. While the divorce is being granted from several angles, the particular issue seems to be the question of alimony. The court after hearing the testimony throughout the morning, took the matter under advisement.

IMPORTANT ORDER ISSUED BY HARRIS

According to General Order No. 5 issued yesterday by Adjutant General Harris the resignation of Capt. George H. Shea, unassigned, was accepted, dating from August 1, 1916. Other important part of the order re-appointed Col. A. M. Tutill and Lieut. Col. H. H. Donkersley members of the general staff to date from August 1, 1914.

Perhaps the most important part of the order, and that which will lift a load from the minds of quite a number of the officers assigned and unassigned, is that portion which releases them from their responsibility for property shortage prior to January 1, 1914.

Up to that time there had been quite a bit of recidival property loss. The officers were held responsible, but after correspondence with the war department, Colonel Harris issued the following order:

1. The property shortage of the following list of officers having been satisfactorily adjusted, they are released under their bonds from further accountability and those officers who have been held on the supernumerary list pending such settlement are hereby relieved from further service, their resignations being accepted from the dates tendered.

Major Edgar P. Grinstead, Captain Joseph E. Schwen, Captain M. G. Seelye, Captain Edwin Zeiley, Captain William H. Wolf, Captain Frank D. Rathbun, Captain C. L. Stacey, Captain Paul Reisinger, Captain E. Roy White, Lieutenant Clyde Pickett, First Lieutenant Charles R. Price, Major H. H. Donkersley, Captain E. J. Mitchell, Captain Andrew Martin, Captain R. E. Lanneau, Captain P. O. Spittler, Captain Charles Jay, Captain J. R. Nelson, Captain George E. Baedeker, Captain E. M. Robison, First Lieutenant Drue Bailey, Captain Edwin L. LeBaron.

The above list does not include any shortages incurred during the years 1914, 1915 and 1916.

OFFICIAL: By order of the governor.

GLENDALE TO HAVE A REAL CARNIVAL

Glendale is to have a carnival. Although it is to be of the home-made variety, it will carry all of the spirit of the big ones. There will be a spectacular parade at 6:30, embracing the downtown streets, after which the big time will be on with a bang.

Among the attractions will be the "Dancing Midget" from darkest Africa; Willie La Morriosa and her Band; Sackett, made up of a bevy of bouncing, beautiful, blushing maidens; the "Siberian Freaks," said to be the most furiously, ferociously, fantastically freaks ever captured or caught, and the "Hawaii, who superbly sing sonnets and wonderfully woo winsome times from the enclaves.

There will be a spectacular parade at 6:30, embracing the downtown streets, after which the big time will be on with a bang.

SEVEN PRECINCTS TO BE RECOUNTED

Six Phoenix precincts and one Tempe precinct will be recounted in the contest over the nomination for county attorney on the democratic ticket.

A. H. Davidson is named as the contestant in the statement filed in the office of the clerk of the superior court yesterday. With but a difference of six votes, Lane and Gandy the count will be watched with the closest interest. The contested precincts are Phoenix 3, 4, 8, 9, 12, 17 and Tempe 3.

ARRAIGNED FOR THEFT

Charles R. Pettigall, charged with the theft of 500 feet of cable rope from the old Buffalo Bill well drill at Agua Caliente was arraigned in Justice De Souza's court yesterday and his preliminary hearing set for Thursday October 5. William Walton, who has an attachment on the property swore to the complaint against Pettigall.

NOTICE OF DISSOLUTION OF PARTNERSHIP

P. H. HAYES and L. M. LANEY hereby announce that their partnership in the practice of the law has been this day dissolved.

The fact that the members of this firm are nominees of opposite political parties for county offices, will suggest to both Republicans and Democrats, as it has to the partners themselves, the advisability of this action, to the end that each member may give his unhampered support to the nominees of his party.

Texas Man Wants Dodge Brothers Car So Much That He Drives Off Demonstrator

Dodge Brothers motor cars are in great demand, to say the least, down in Texas. In Panhandle, for instance, they steal them, if they can't get the cars by other means. An Amarillo paper tells it:

"In the midst of prosperity many are unable to get cars even after they have been ordered for several weeks. Every shipment of cars unloaded in Amarillo finds many buyers ready with the hard cash and eager to drive away. Last week, according to W. E. Groendycke, a Dodge Brothers customer from Panhandle, wanted a Dodge Brothers car badly but could find none in stock except Groendycke's demonstration car. He watched his chance. While the dealer wasn't looking he drove away with the only car remaining in the place. Officers were scouring the country but no trace of the car was discovered until the 'anxious buyer' called by long distance telephone and informed Groendycke that he had 'bought' the car and was sending a check for it."

"What else could I do?" asked the 'purchaser.' 'I had to have that car.' 'What else could I do?' asked the dealer. 'I had to let him keep it!'

BETTER TANKS

A process that I am now using in renewing all kinds of galvanized tanks is proving a real boom to the ranchman, the cattleman, the dairyman and others. All of my work has given universal satisfaction, and I want the opportunity of saving you this money that you would otherwise put into new work entirely. Talk it over with me. If your tank is giving you trouble it will be to your interest to see me. Figure with me on anything in the sheet metal line. All mail orders receive prompt and active attention.

WATER SEASON IS ONCE MORE SHIFTED

After several changes, the irrigation year has apparently been definitely fixed in a telegram to the local United States reclamation service from Chief Engineer Arthur P. Davis of Denver. He directs the service of water on old contracts up to December 1.

Over a year ago, when the opening of the project looked good for that winter, an order was entered changing the irrigation year from October 1 to December 1, in order that the irrigation season and the official year of the opened project might coincide. A good deal of clerical work was done in order to change over to the new order of things, and then the season was shifted back, to end on September 30. An order, so stating, was issued August 16 by Project Manager W. S. Cone. That order carried the rates, which are here reprinted, as they remain in effect:

75 cents as a minimum charge for the first one and one-half acre feet.

25 cents the next one-half acre foot.

60 cents for the third acre foot.

75 cents per acre foot for all water furnished in excess of three acre feet.

Yesterday's order superseding all previous ones, puts the year back to November 30. It is thought that at that time, ten month's contracts will be offered to the water users. There was no protest at the change of date, or any of them, although they caused

some little inconvenience. For the past week, irrigators have been paying single runs of water, so as to close out under their contracts by September 30. It will now be necessary for many of them to return to the office next week, and buy extra runs of water to last them the remaining two months of their contracts.

We will be closed all day Thursday on account of Jewish holiday.
